EUROPEAN WAR WITHOUT RESULTS

Cavalry and the Beginning of
Another Great Battle.

(By Associated Press.)
London, June 17.—During the night the German troops attacked the French positions at Avocourt with grenades and in the Dead Man's Hill region there was an intense bombardment, the French official statement says. The French infantry penetrated the first and second line German trenches in the Vosges, capturing a number of prisoners.

The Austrians in Galicia defeated the Russian cavalry attacks south of Dniester, according to the Vienna statement, which also says new battles have started on the whole Volhynian front.

Italian troops carried the Austrian positions of Malaga Fossata and Montemaggi, between Frenzela valley and Marcezzina, according to the Italian statement today.

WILL ATTACK U. S. TROOPS IF ANY MOVE IS MADE

The Mexican Situation Is Fast Coming to a Crisis and Carranza Has Ordered General Pershing, Commanding the American Troops in Mexico, to Make No Move Except to Withdraw—If Any Move Is Made It Will Be the Signal for Attack by Carranza Troops. The United States Will Stand Pat and Not Change Its Policy—General Funston Is Not Alarmed Over the Situation Believing General Pershing Can Take Care of Himself.

(By Associated Press.)
El Paso, Texas, June 14.—Carranza having thrown down the gauntlet to the United States in advice to General Pershing, every preparation is being made along the border today for any eventuality. The officers and soldiers of the garrison here are kept closely in their quarters. The tension is noticeable on the Mexican side, where the civilians have armed themselves.

U. S. STANDS FIRM.

(By Associated Press.)
Washington, June 17.—The warning from the Mexican commander that any move except the retirement of the United States troops would precipitate hostilities, will not change the purpose of the United States to keep the expedition in Northern Mexico, and the Mexican policy will remain unchanged. Secretary of State Lansing said the Carranza reply would not be sent today, awaiting details of the new developments which Carranza will be asked to explain.

Funston Not Alarmed.
(By Associated Press.)

San Antonio, Texas, June 17.—General Funston is not worried over General Trevino's declaration from Chihuahua last night that any movement east, west or south by General Pershing's troops would be considered the signal for an attack by Carranza soldiers, as he believes General Pershing is able to take care of himself. It may be necessary at any time for the leader of the punitive expedition to send small detachments in pursuit of outlaws that menace the outposts. Neither did Ricaus' similar statement regarding the San Ignacio pursuit disturb General Funston, who said the search for bandits will continue and wherever a hot trail is found, the troops will take it. General Funston's fifty thousand troops along the border are so disposed that swift punitive action can be taken if invited by an overt act of Carranza's army.

Soldiers and Bandits Fight.
(By Associated Press.)
Brownsville, Texas, June 17.—De-

tails of the fight between United States soldiers and bandits near San Benito last night were received today and show no Mexicans killed as at first reported. Thirty bandits made a surprise attack on a cavalry camp at sundown but fired wildly, hitting no one. The Americans dropped to the ground, returning the fire, although they could not see the attackers.

Struck Hot Trail.
(By Associated Press.)

Brownsville, Texas, June 17.—(Bulletin)—It was reported to Fort Duncan today that a troop of the Third Cavalry under Lieutenant Newman had struck a "hot trail" of Mexican bandits north of Brownsville. These are supposed to have been those attacking the United States soldiers last night.

Consuls Came Out.
(By Associated Press.)

Laredo, Texas, June 17.—Philip C. Hanna, United States consul general at Monterey, and one of the two remaining consuls in Mexico, accompanied by a half dozen Americans, arrived here today. He was reticent about his visit. "Everything is quiet down the line," he said.

Gavira Not Executed.
(By Associated Press.)

El Paso, Texas, June 17.—Reports that General Gavira, Carranza commander at Juarez, had been executed on his arriving at Mexico City on a treason charge for having conferred with General Pershing, were officially denied in a message to the Mexican consulate from General Obregon today.

Consul Ordered Out.
(By Associated Press.)

San Antonio, Texas, June 17.—The arrival in Laredo today of Consul Hanna from Monterey, developed the fact that the state department at Washington had ordered both him and John R. Silliman at Saltillo to return to the American side of the river.

Joe Lloyd and daughter, Miss Lillian of Reliance, were in the city this afternoon.

LIME AS A FERTILIZER.

Wm. Manthel of Kurten called on The Eagle while in town today and requested us to state that he is ready to report on the use of lime as a fertilizer by himself and some of his neighbors. He will be glad to explain and show the results to all who are interested on the day of the picnic at his place, June 27.

PICNIC NOTICE.

The Eagle is requested to announce that a picnic will be given on Tuesday, June 27, in the pasture of Wm. Manthel, two miles west of Kurten. There will be public speaking, baseball and other amusements. Everybody invited to come and bring well filled baskets.

NEW TRAIN SERVICE.

The H. & T. C. will inaugurate a new service between Bryan and Giddings. This announcement was made this morning by City Ticket Agent Harris of this road. The new train will leave Bryan in the afternoon at 4:30 o'clock and will arrive at Bryan Junction at 5 o'clock, connecting there with the Hearne train going west. The train coming from Bryan Junction, which will connect with the north bound train on the Giddings cut-off, will arrive in this city at 1:25 p. m. This new arrangement will be of much value to the traveling public as it opens a way to the main line of the Santa Fe at Caldwell; also a direct line over the H. & T. C. to Austin. It will also afford people from the Brazos bottom the opportunity to come into Bryan and transact business and return in a half day, while heretofore it has taken a whole day for these people to come into the city.

A BEAUTIFUL COLOR.

Why use a black, nasty, bad-smelling disinfectant when you can get Ross' "Dead Quick" Spray? It is delightfully clean, and will positively kill all insects. Use it in your home, on your vegetables and on your stock. Sold in Bryan by E. J. Jenkins.
